Breeder offers a short term guarantee to allow buyer to assure themselves a healthy pet. This agreement requires the buyer to have the puppy vet-checked within a two (2) full business days after purchase and delivery of puppy. Breeder will refund money or replace puppy if puppy does not pass vet check provided that the breeder is contacted immediately (within 24 hours) after the exam by the veterinarian and this puppy is promptly returned to Happy Farm Kennel at the expense of the buyer. Failure to have vet check done voids the health guarantee stated in this contract. Breeder further offers a 2 year guarantee against any life threatening genetic condition. Puppy must be returned immediately to breeder with registration papers and a diagnosis from the vet. Upon verification from breeders vet that the puppy does have said genetic defect, your purchase price for the puppy (excluding shipping) will be returned. Happy Farm Kennel will not be responsible for any illness or health problems which are diagnosed after this time period. It is further agreed that the buyer will care for the puppy in a manner recommended by the breeder during the period of guarantee.
